Foundation Stage Weekly Newsletter

Dear Families,

It has been fantastic to see the children ready to learn this week after the Easter break.

Attendance

Before Easter 40 children out of 50 received Dojo points for being in school on time all week. This is more than the previous week- well done. Unfortunately 3 children missed out on their Dojo points for arriving into school late.

ClassDojo

Forest School

Here are the new Forest School groups for this half term. The children will need to wear warm play clothes to school on **Monday** that you do not mind getting muddy!

Please make sure that your child has their own welly boots.

World Haemophilia Day

On Wednesday it was World Haemophilia Day and we would like to take a minute to spread awareness of this rare disorder. For any of you who don't know, Louie in Reception here at Queensgate has severe Haemophilia A. Haemophilia is a lifelong bleeding disorder in which the blood does not clot properly, or at all. When a person with haemophilia bleeds, it takes longer than normal for the bleeding to stop. This is because people with haemophilia don't produce enough of an important protein that helps the blood to clot, called a 'clotting factor'. Louie has severe haemophilia A. Which means he has less than 1% of the clotting Factor 8 protein in his body, to give you some context a normal person has between 50% and 150%. On Wednesday, Louie gave all his friends in reception haemophilia stickers.
