

Remember no School on Monday!

Dear Families,

PTFA updates

Please remember to order your child's art from <https://mychildsart.co.uk/find-artwork?username=QueensgatePtfa&access-code=y5rv66tu> by 12th July.

The summer fair is on **Friday 5th July** straight after school.

This week I showed the children the jars that I would like them to bring in next Friday. They need to wash out a jar, decorate it with a summer theme, fill it with goodies and bring to me next **Friday 28th June**. If you have any items for the tombola they would be gratefully received on the same date. Here are some examples.

Out & About

We had two **Reception** Out and About groups on Tuesday morning that had fun together on St Helens Beach. The children loved building sandcastles, collecting shells, burying each other in the sand, sharing seaside stories, playing frisbee and making lots of delicious cakes and ice creams in our sand kitchen! It was amazing to see the children all so engaged in their play, exploring the beach and enjoying their visit with friends.

On Tuesday afternoon our **Year 5** children walked up to the Needles New Battery and the High Down rocket test site. To tie in with their recent learning about space, the children were able to see the impressive concrete site, built into the hillside in the 1950s. The High down site was constructed to test the Black Knight and Black Arrow satellite launchers and the underground rooms within the New Battery were where the rockets were secretly designed! The children were all brilliant at walking and seemed to enjoy taking in the beautiful views of the Island's coastline.

"We went to the Needles. We could see the ocean, cliffs and the lighthouse. The views were amazing! We saw the place where rockets were going to be tested. My favourite bit was going on the bus with my friends."

Adriana

The **Year 4** Out and About team walked up to Tennyson Monument on Wednesday morning. The group demonstrated great fitness and resilience, stomping up to the monument in no time at all! The children learnt about the influential Victorian poet, Alfred Lord Tennyson and famous photographer, Julia Margaret Cameron that both lived in Freshwater.

"We went to Tennyson Down and we walked really far, it felt like a hundred miles! He (Lord Tennyson) was famous for writing poems." Harley B 4BM

"We went to Tennyson Monument. We had to walk up a really, really steep hill. It was like walking up a chalk mountain, walking to the monument! My fitness tracker clocked up 5,000 steps! My favourite bit was the biscuits at the top." Harley T 4BM

Our **Year 6** Out and About group went geocaching on Wednesday afternoon. The children were invited to bring their phones along and use the free geocaching app to hunt for caches around the area. The team were all keen to find as many as possible and enjoyed logging their finds and checking out what 'swappable' items were in some of the containers. The aim of our geocaching session was to introduce the children to an active hobby that they might like to try with their friends and family. It would be great to hear from our Year 6s if any have given it a go out of school.

"Out and About was fun, we went geocaching. We had to find these little boxes, one was a fake rock!" Summer 6LR

MHST Newsletter

iwont.mhst@nhs.net ~ 0300 365 4010

What's been happening:

- We are working with St Thomas of Canterbury and Haylands Primary to bring them onboard.
- All of our 2023 trainees have now passed their EMHP qualification.
- Our practitioners have been delivering the Worry Management Skills workshops to the year 5 classes, Sleep Hygiene workshops to year 4 classes and Exam Stress workshops to the year 6 classes.
- Various secondary schools and sixth forms have had exam stress workshops.
- MHST have moved into a new office; Exchange House, St. Cross Lane, Newport.

What's coming up:

- Our practitioners will be out and about delivering transition workshops to year 6 students.
- We'll be holding year 6 transition workshops throughout the summer holidays. If you have any students that would benefit from this, please refer them into MHST. This offer is open to all year 6 students on the island so long as they are attending one of our secondaries.
- We will be running summer workshops which you can learn more about below.

The Solihull Approach has developed new resources for schools and parents to ease the transition process with a focus on raising children's emotional wellbeing.

www.inourplace.co.uk/moving-up is a parent portal for:

- Easy-to-follow video resources for parents to help support emotional wellbeing during school transitions: with insights from Headteacher of Balsall Common Primary School and NHS Consultant Clinical Psychologist (as well as children sharing their thoughts!)
- Online learning and resources with tailored material for supporting children with additional needs and considerations
- Signposts for practical support and ideas to ensure smooth transitions, including information on mobile phone use and technology
- Extensive additional e-learning content for parents on childhood development and emotional health from 0-19+.

Anxiety has been the highest referral reason for March 2023-2024.

92% of assessments were attended as were 80% of treatment sessions March 23-24

98% of referrals that had treatment waited less than 18 weeks

Mind and Mood was the most attended workshop in 2023-2024.

Summer intensive workshops (secondary only):

Following on from the success of last year's summer workshops, we are going to run them again for young people (aged 12+). These are going to be pretty intensive – 5 days in a row for 2 hours at a time, but the upside of this is that you will really be able to get to grips quickly with managing your anxiety or emotions. Dates, times and venues are confirmed below.

You can come along by yourself (no parents needed!). Ask your school to refer you to MHST before the end of term if you are interested in coming along to one, or both, of these workshops.

Managing Anxiety

This workshop is aimed at young people who are struggling with mild but persistent, ongoing anxiety. It is likely that they will seem worried about many issues, and 'fret' about things. The hope is that young people will be able to learn strategies for tolerating a low level of anxiety and hence build resilience.

Managing Emotions

We live in a society which is, in general, wary of people demonstrating intense emotions. This is particularly true of negative emotions: sorrow, fear, shame, anger. In this workshop we will be helping young people to recognise and regulate their emotions, helping them to feel more in control of their emotions even when they are not in control of the situations that provoke them.

			Managing Anxiety	Managing Emotions
Workshop 1	w/c 29th July	Ryde Family Centre	11am-1pm	2-4pm
Workshop 2	w/c 5th August	Newport - Victoria Recreation Ground Pavilion	2-4pm	11am-1pm*
Workshop 3	w/c 12th August	Sandown Family Centre	11am-1pm	2-4pm

*Workshop 2 (Managing Emotions) is for neurodivergent young people and those with traits consistent with neurodivergence.

Careers Week

Next week we are hoping to celebrate a variety of careers, across the school. Please contact your class teacher (or the school office) if you might be able to pop in to talk to the children about your job. We'd love to welcome as many parents, grandparents, family members and friends to share with the children a bit of information about their job, why they enjoy it and what skills are needed within their career. It would be really lovely to hear from you if you might be able to spare 5-10 mins to talk about what you do with the children. If you aren't able to make it into school, maybe you could share a short video clip or arrange a Zoom call?

Handball

On Tuesday Queensgate hosted a Cowes Cluster Handball tournament. As it was a home fixture, we were able to enter both an A and B team which allowed some of our talented Year 5 pupils to get their first experience of playing handball. Both the A and B teams played well. Both teams started strongly winning their opening matches. All teams improved with every game resulting in some very close matches. After four matches, the A team finished joint first and the B team finished 4th.

Special well done to the B team who managed to hold the A team to a 2-2 draw in the final match.

Healthy Snacks

Please can you follow our school policy on healthy snacks - there are lots of non healthy snacks being consumed at breaktime. These 'treats' need to be for their lunchbox as part of a balanced diet. Fruit and vegetables are an ideal snack with many health benefits. Thank you.

Attendance

Whole School Attendance since September is 95.14%

Whole School Attendance this week is 93.69%

KS1 Class with best attendance this week is 1SM with 97.33%

KS2 Class with best attendance this week is 4MC with 98.6%

And Finally...

Festival

If you are going to the festival have a great time. I wish you all a very happy weekend. Please remember that Queensgate is closed to children on Monday and will re-open at 8:40am on Tuesday 25th June.

Best wishes,

ABOUT US

The IOW Wellbeing Service has been commissioned by The Hampshire and Isle of Wight Clinical Commissioning Group (CCG). The aim of the service is to support parents and carers of children and young people living on the Isle of Wight who are experiencing distressing or challenging behaviours.

Our information sessions have been designed to support families by implementing strategies at an early intervention capacity to support the emotional wellbeing of the parent/carer and child. All of our information sessions are free and can be booked without a referral.

By providing early, targeted support through a child-centred approach, the Isle of Wight Wellbeing Service aims to:

Support families to help their children self manage and maintain good emotional wellbeing

Promote a healthy home environment and improve family dynamics

Support parents and caregivers to evaluate their child's needs, behaviour and emotional wellbeing

Support families in respect of crisis management and conflict resolution

Support parents and caregivers to learn strategies to enable their child to self-regulate, build emotional resilience

A guide to: **Workshop and Information sessions**

Delivered by the Isle of
Wight Wellbeing
Service.

Hampshire and Isle of Wight
Partnership of Clinical Commissioning Groups

BEHIND THE BEHAVIOUR

A 60 minute information session which explores the emotional and sensory reasons for different types of behaviour that is demonstrated in the home. We offer a brief overview of different ways to understand and explore behaviour and provide a range of strategies that can be implemented to support your child in the home.

BOUNDARIES & EXPECTATIONS

This 60 minute information session aims to support parents and caregivers in understanding different types of boundaries and why implementing boundaries and expectations is important. A step by step action plan is provided to guide you through the process of setting out your individual goals.

SUPPORTING THE ANXIOUS CHILD

An early intervention, 60 minute information session providing strategies to support the wellbeing of children who are demonstrating anxious behaviours in the home. (This session is designed at an early intervention level only and you may be signposted to other services depending on your individual circumstances).

NAVIGATING NEURODIVERGENCE **

** A 60 minute information session aims to provide an insight into different behaviours and tendencies commonly demonstrated by those who have received a neurodivergent diagnosis. It aims to inform parents and caregivers of support services that are available and offers an insight into strategies that may help in managing expectations or family routines to support your child. Please note that this workshop is only available through a PSA referral.

CHILD TO PARENT VIOLENCE AND AGGRESSION

This 90 minute information session is designed to support parents and caregivers who are experiencing physical and verbal violence, aggression and abuse in the home from children. By providing an insight into patterns of behaviour that are developed from an early age we will demonstrate how simple interventions can help to improve family dynamics and reduce conflict.

SEASONAL SENSORY INSIGHTS

This 60 minute session highlights and explains why events such as Halloween, Bonfire night, birthdays and Christmas can often be overwhelming for children who have sensory sensitivities. It provides strategies and approaches to hosting your celebrations in a sensory friendly way to help you and your family enjoy the festive season.
