Foundation Stage Newsletter

Dear Parents and Carers,

We have had a very busy week at school full of fun and learning, here are a few things to update you on...

Letters and Sounds

There will be no more new sounds to learn now. We will now be working hard to consolidate the sounds we already know, blending them together and learning some more tricky words. Remember that the tricky words are the ones that we can't sound out for example we, me, he, she etc.

Maths Morning

You are invited to join us on Tuesday for our Maths Morning between 9.00-10.00am. We will have maths activities for you to enjoy with your child inside and outside. Please come along and join in the fun.

This weekend's challenge

At Queensgate we encourage the children to be as resilient as possible and to never give up when something is tricky. Over the weekend please record onto Tapestry an example of when your child has found something tricky but kept on trying. It will be fantastic to show these to the rest of the class to encourage other children to do the same.

Skipping Workshop

This week we were very lucky to have a special skipping visitor. The children were given the challenge to skip for 2 minute intervals without stopping. We were very proud of the how the children worked and our visitor praised them for their effort and their manners.

If you have any questions or concerns please do not hesitate to speak to one of us. Thank you in advance for your co-operation and support,

Foundation Stage Team
