

Friday 9th June 2017

Foundation Stage Newsletter

Dear Parents and Carers,

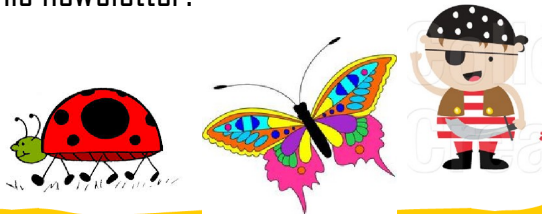

Here are a few things to update you on...

School is closed on Monday 12th June.

Maths Challenge

Apologies for the maths challenge over half term, we were missing a sheet!! Some of you have been doubling and halving numbers anyway which is great. We have continued doubling this week so you can ask your child about what we have been doing in class.

Please see our Topic Web on the back of this newsletter.

Emergency Day

Yesterday the children were learning about what to do in an emergency. We talked about what an emergency is and when it is okay to phone 999. It is very important that the children know their home postcode if they ever need to call 999. All children have made a card with their name and postcode on it. Please talk to your child about this and maybe you could display the card for the rest of your family see at home...maybe on the fridge.

**CALL
999**

If you have any questions or concerns please do not hesitate to speak to one of us. Thank you in advance for your co-operation and support,

Foundation Stage Team
