

# Foundation Stage Newsletter

Dear Parents and Carers,

Here are some updates for you to take a look at,

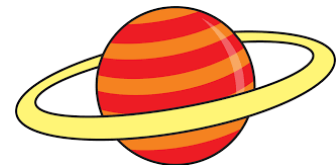

## **Doubling and Halving**

This week we have been doubling and halving numbers. Ask your child to tell you about what they know about doubling and halving. We have also been talking about odd and even numbers.

**Reminder:** Please ensure your Maths Challenges are up to date for your child to receive a certificate next Friday.

## **Space**

Next week will be our final week of our Space topic. The children have blown us away with their knowledge and enthusiasm about this topic. If you have anything of interest we could borrow about Space please bring it in.

## **Socks Socks Socks!!**

We are in desperate need of socks! If you have borrowed any socks please can they be returned.

It is advised that each child have a pair of named socks in their spare clothes bag just in case they are needed.

## **Letter Formation**

Correct letter formation is an important part of learning to write.

Please find on the back of this letter a sheet for your child to practise their letter writing.
