Foundation Stage Weekly Newsletter

Dear Parents and Carers,

Here are this week's updates, have a great weekend.

Volunteers

Thank you so much to everyone who has offered to volunteer to help our outdoor learning sessions on The Patch. As you know Miss Jenkins is training to be a Forest School Leader and would like to start teaching the children fire and tool safety. This will only be possible with your support. We are so lucky to have such wonderful parent/carer support and we would like to thank you for that. We are going to create a fire circle using tree stumps and large logs, please let us know if you have means of getting any!

If you have any questions or concerns please do not hesitate to speak to one of us. Thank you in advance for your co-operation and support.

Space Topic

We have noticed that lots of the children are interested in planets and space, so next week this will be our new topic. If you have any items that will support this please let us know. See the Topic Web on the back of this newsletter for more information.

Weather Watching

The children (and adults) have really enjoyed seeing the snow this week. We have been watching the weather forecast and looking at maps together.
